

Mid Semester Examen with Jesus

Where have you experienced joy so far this semester?

Where have you experienced suffering or hardship?

What is God teaching you through the joy and suffering?

What hopes do you have for the rest of the semester? Where do you need the Lord to meet you?

In what ways are you hoping to grow this semester? (with Jesus, community, witness, academics, etc.)

Spend some time in prayer, lifting these reflections up to the Lord and asking Him to guide you and meet you in them.
